Para: Alessandro Cambronero <Alessandro.cambronero.delgado@est.una.ac.cr>

Dear Alessandro Cambronero ,

We are pleased to inform you that your paper:

Paper # 32
“Formal Specification and Extended Evaluation of a Bio-Inspired Hyperparameter Optimization Framework for Software Defect Density Prediction”

has been ACCEPTED for an oral presentation at the 8th IEEE International Conference on BioInspired Processing (IEEE BIP 2026), to be held from November 11th to 13th 2026, at the Universidad de Costa Rica, Recinto de Guápiles, Pococí, Costa Rica.

The Program Committee and reviewers found the contribution suitable for presentation at the conference.

Please note that acceptance is subject to submitting a satisfactory camera-ready version by October 12th, 2026.

For the camera-ready submission, it is MANDATORY that you address and incorporate all applicable corrections and recommendations provided by the reviewers. In addition, check the bibliographic references report, which identifies issues found in the references of your submission, including both formatting and substantive/reference-related errors. These issues must also be carefully reviewed and corrected in the final version.

Further instructions regarding the camera-ready submission, registration, copyright, and presentation requirements will be communicated in the coming days.

The decision and reviewers’ comments are available through the Microsoft CMT submission system:

https://cmt3.research.microsoft.com/BIP2026

Congratulations on the acceptance of your paper. We look forward to welcoming you to IEEE BIP 2026.

Best regards,

Dr.-Ing. Mauricio Rodríguez-Calvo
Technical Chair, Program Committee
8th IEEE International Conference on BioInspired Processing (IEEE BIP 2026)
